

COLLEGE OF AGRICULTURAL, CONSUMER AND ENVIRONMENTAL SCIENCES

Department of Food Science & Human Nutrition
260 Bevier Hall, MC-182
905 S. Goodwin Ave.
Urbana, IL 61801

A post-doctoral fellow position is available starting in the summer of 2021 in the laboratory of Dr. Jaume Amengual at the Department of Food Science and Human Nutrition - University of Illinois at Urbana Champaign.

The applicant are sought to work primarily on an NIH-funded research project focused on understanding the role of carotenoids and vitamin A in atherosclerosis and obesity.

Successful candidates will conduct research under the supervision of the PI.

Applicant qualifications:

- Ph.D. in Cell Biology, Physiology, Nutrition or related fields within the last 10 years
- Experience in conducting research with human subjects and/or animal models is preferred
- Self-motivated and hard-working
- Well developed skills in basic statistical analysis and scientific writing with evidence of prior productivity

We will sponsor the corresponding visas to non-US citizens. Additional information about employment requirements will be discussed at a later date.

Please submit a cover letter describing previous research experience and current interests, curriculum vitae including publications, and contact details of at least two references to Dr. Jaume Amengual, Jaume6@illinois.edu

Interviews will be conducted until the fulfillment of the position.

The University of Illinois is an Equal Opportunity, Affirmative Action employer. Minorities, women, veterans and individuals with disabilities are encouraged to apply.
